Background & Experience

I've been a sole proprietor since graduating from the University of Virginia with a degree in Economics. I pursued a career in Life and Health insurance because I believed the industry didn't have many young brokers. As a result, I believed the "sky was the limit" for me to succeed. As Senior Vice President at Arthur J. Gallagher, I've committed myself to working for the good of my clients. I consider attention to detail to be of the utmost importance in this industry.

My goal is to provide the most efficient experience for my clients. Whether it be reviewing an existing portfolio of policies or creating a new portfolio, the process needs to be controlled from the very beginning which includes case design, informal underwriting, formal underwriting, and policy placement. Arthur J. Gallagher possesses the resources and relationships to provide that control.

Being a part of the Gallagher team has allowed me the opportunity to work with some of the best minds in the industry, while also allowing me the freedom and flexibility to stay rooted in Atlanta, GA.
